Origins of the Carrier PTAC units: In 1902 Willis Haviland Carrier invented the first modern air conditioner, designed for improving manufacturing control in a printing plant. The fact that the air conditioner resulted

in both lower heat and lower humidity helped maintain consistency in paper dimensions and ink alignment. Fri, 07 Dec 2018 16:22:00 GMT Carrier PTAC Units - PTAC Air Conditioner - PTAC vs. HVAC. PTAC and HVAC aren't exactly opposites. In fact, PTAC (which stands for Packaged Terminal Air Conditioning) is considered as a part of HVAC (which stands for Heating Ventilation and Air Conditioning). With PTAC systems, however, each office (or classroom, hotel room, etc.) has its own controllable air conditioning unit, which may or may not include heating as well. Sun, 09 Dec 2018 14:25:00 GMT PTAC vs. HVAC air conditioners - The Mitsubishi M-Series - 12,000 BTU - Mini Split Indoor Unit - Wall Mounted - Air Conditioner MS-A12WA-1 has been discontinued.
