

arthroplasty of the shoulder

Sun, 09 Dec 2018 10:43:00 GMT arthroplasty of the shoulder pdf - Arthroplasty (literally "[re-]forming of joint") is an orthopedic surgical procedure where the articular surface of a musculoskeletal joint is replaced, remodeled, or realigned by osteotomy or some other procedure. It is an elective procedure that is done to relieve pain and restore function to the joint after damage by arthritis or some other type of trauma.
