Individuals, organizations, and nations are endowed with or acquire specialized capabilities and either form combinations or trade to take advantage of the capabilities of others in addition to their own. Sat, 12 Jan 2019 06:21:00 GMT Division of labour - Wikipedia - History. In 1893 Durkheim introduced the concept of anomie to describe the mismatch of collective guild labour to evolving societal needs when the guild was homogeneous in its constituency. He equated homogeneous (redundant) skills to mechanical solidarity whose inertia retarded adaptation. He contrasted this with the self-regulating behaviour of a division of labour based on differences in ...
