Each strand contains content descriptions which are organised under three sub-strands. Read More >> Sat, 08 Dec 2018 04:10:00 GMT Health and Physical Education | The Australian Curriculum - Health, as defined by the World Health Organization (WHO), is "a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity." This definition has been subject to controversy, as it may have limited value for implementation. Health may be defined as the ability to adapt and manage physical, mental and social challenges throughout life. Tue, 20 Nov 2018 11:34:00 GMT Health - Wikipedia - Global health is the health of populations in the global context; it has been defined as "the area of study,

research and practice that places a priority on improving health and achieving equity in health for all people worldwide". Problems that transcend national borders or have a global political and economic impact are often emphasized. Thus, global health is about worldwide health ...
