

## reengineering the corporation

Fri, 09 May 2014 23:54:00 GMT reengineering the corporation pdf - Business process reengineering (BPR) is the practice of rethinking and redesigning the way work is done to better support an organization's mission and reduce costs. Organizations reengineer two key areas of their businesses. Sun, 01 Apr 2018 23:56:00 GMT Business process reengineering - Wikipedia - Business process reengineering (BPR) is an approach to change management in which the related tasks required to obtain a specific business outcome are radically redesigned. An important goal of BPR is to analyze workflows within and between enterprises in order to optimize end-to-end processes and eliminate tasks that do not provide the customer with value.
