

true or false tests

Sat, 08 Dec 2018 05:36:00 GMT true or false tests pdf - There is worldwide concern over false news and the possibility that it can influence political, economic, and social well-being. To understand how false news spreads, Vosoughi et al. used a data set of rumor cascades on Twitter from 2006 to 2017. About 126,000 rumors were spread by $\frac{1}{3}$ million people. False news reached more people than the truth; the top 1% of false news cascades diffused to ...
Mon, 03 Dec 2018 06:54:00 GMT The spread of true and false news online | Science - Definitions. In the terminology true/false positive/negative, true or false refers to the assigned classification being correct or incorrect, while positive or negative refers to assignment to the positive or the negative category.
